VOLUNTARY ANNOUNCEMENT **STRATEGIC COOPERATION FRAMEWORK AGREEMENT**

This announcement is made by the board (the “**Board**”) of directors (the “**Directors**”) of Virtual Mind Holding Company Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) on a voluntary basis.

The Board is pleased to announce that on 8 January 2026, Beijing 1520 Technology Co., Ltd. (“**Beijing 1520**”), a wholly-owned subsidiary of the Company, has entered into a strategic cooperation framework agreement (“**Cooperation Agreement**”) with COFCO Food Technology Development (Beijing) Co., Ltd. (“**COFCO Beijing**”), Pursuant to the Cooperation Agreement, based on the principles of complementary advantages, resource sharing, mutual benefit and long-term stable cooperation, both parties agree to carry out in-depth strategic cooperation in the fields of research and development, production, promotion and sales of sports food (including but not limited to sports water, sports supplements and so on) and jointly explore the sports nutrition food market (“**Cooperation Project**”).

Core Contents of the Cooperation Project

(I) Joint Laboratory Establishment

Both parties agree to establish a joint laboratory focusing on the following core R&D projects:

1. Characteristic research on sports aquatic products by COFCO Nutrition and Health Research Institute, and research on sports aquatic product formulations containing peptide raw materials, ensuring that products comply with the compliance claims standards for sports nutrition foods;

2. Technical exchange and industry collaboration, establishing a professional exchange platform to bring together experts in food nutrition, water quality analysis, and other fields to jointly discuss the progress of sports aquatic product research and the direction of industry standard optimization.

(II) Multi-dimensional Cooperation Extension

In addition to the joint laboratory R&D work, both parties will further collaborate on the integration of the sports food production supply chain, expansion of market promotion channels, and establishment of sales networks based on the R&D results. Specific cooperation details will be determined through subsequent negotiations and a specific agreement will be signed by both parties.

Cooperation Mechanism and Term

1. Both parties will establish a regular high-level meeting mechanism and a daily communication and coordination mechanism to resolve major issues arising during the cooperation process and promote the implementation and deepening of Cooperation Project under the Cooperation Agreement;
2. Both parties will designate a dedicated liaison team to handle daily communication, strengthen information sharing and business collaboration, and ensure efficient progress of Cooperation Project;
3. The Cooperation Agreement shall become effective on the date of signing and seal by both parties and shall be valid for three years.

Information on COFCO Beijing

COFCO Beijing is a wholly-owned subsidiary of COFCO Nutrition and Health Research Institute. COFCO Beijing has high-tech enterprise qualifications. It is a technology-driven company deeply rooted in the health industry, committed to building a product system of food ingredients and biological agents with independent technological support through “innovative product incubation and mature product transformation”, providing comprehensive innovative solutions and one-stop services to corporate clients. Its product research and development mainly focuses on three areas: biomanufacturing, future health, and new protein.

To the best of the Directors’ knowledge, information and belief, having made all reasonable enquiries, as at the date of this announcement, COFCO Beijing and its ultimate beneficial owners are independent of and not connected with the Company and its connected persons (as defined in the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “**Listing Rules**”)).

Reasons for and Benefits of Entering into the Cooperation Agreement

The Group has been actively seeking to expand its existing business and possesses extensive experience in AI and Web3 technologies to create a smart new consumption ecosystem covering sports, cultural tourism, entertainment and other fields.

The Board believes that COFCO Nutrition and Health Research Institute possesses deep expertise in food ingredient R&D, supply chain management, and brand resources, while the Group has advantages in sports and new consumer market operations and channel development. This strategic cooperation will achieve complementary resources and synergistic effects between the parties, helping the Group enrich its product portfolio and expand its market reach.

This is a significant milestone for the Company in the new consumption IP field, effectively enhancing the Group's expansion in consumer IP, improving the company's overall competitiveness, and is expected to bring new business growth points to the Company, having a positive impact on the Company's future development.

Based on the above, the Board considers that the Cooperation Project is in line with the development strategies of the Company and is in the interests of the Company and its shareholders as a whole.

General

The Board hereby emphasizes that the Cooperation Agreement is a strategic framework agreement and does not constitute a legally binding commitment by the contracting parties to any specific transaction. Further announcement will be published by the Company in accordance with the Listing Rules, if there is any significant development on the Cooperation Project under the Cooperation Agreement.
