- (b) approximately 9.53% of the total issued Shares (excluding 2,898,000 Treasury Shares) as enlarged by the allotment and issue of the Placing Shares (assuming there will be no change to the total number of Shares in issue from the date of the Supplemental Placing Agreement to the Placing Completion Date other than the issue by the Company of the Placing Shares);

The maximum aggregate nominal value of the Placing Shares is HK\$4 million.

The additional HK\$1 million raised in the Placing under the Supplemental Placing Agreement shall be utilized as general working of the Group.

II. CHANGE IN USE OF PROCEEDS FROM THE PLACING

Reference is made to the announcements of the Company dated 15 July 2025 and 28 July 2025 (the “**2025 Placing Announcements**”) in relation to the placing of 158,639,385 new Shares under general mandate (“**2025 Placing**”).

As disclosed in the 2025 Placing Announcements, the net proceeds from the 2025 Placing amounted to approximately HK\$79.92 million shall be applied (i) approximately HK\$2.50 million for repayment of outstanding liabilities; (ii) approximately HK\$38.00 million for development of businesses; and (iii) approximately HK\$39.42 million for provision of general working capital.

As at the date of this announcement, (i) approximately HK\$2.50 million has been utilized for repayment of outstanding liabilities; (ii) approximately HK\$31.60 million has been utilized for development of businesses; and (iii) HK\$39.42 million has been utilized as general working capital. The remaining proceeds of HK\$6.40 million has been kept in bank.

After considering the current working capital needs of the Company, the Board has resolved to change the usage of HK\$2.6 million as originally planned for business development to general working capital of the Group. Therefore, the usage of the remaining HK\$6.4 million will be as to (1) HK\$3.8 million for business development of La Liga IP project in 2 to 3 months in June to September 2026 such as product development (approximately 60%), marketing (approximately 20%), and other related purposes (approximately 20%), depending on the progress of the business development, and (2) the remaining HK\$2.6 million for general working capital of the Group to meet the needs for daily operation, professional fees and business expansion expenses by September 2026.

Having considered the prevailing market conditions and ongoing negotiations with the counterparty on the business development projects, as well as the low cash balance of the Group, the Board has resolved to extend the timeline of utilizing the remaining proceeds to September 2026 and to re-allocate HK\$2.6 million to meet the needs of the daily operation, professional fees and business expansion expense by September 2026.

The Board considered that the change in use of the unutilised net proceeds will not have any material adverse impact on the operations of the Group and is in the best interests of the Company and its shareholders as a whole.

If there are any further adjustments on the use of the unutilised net proceeds, the Company will make further announcement as and when appropriate.
